#### Technical support

The [OIT Service Desk](#) provides technical support. Call (919) 684-2200 for help.

#### Additional information

##### [How to use Mulberry](#)

Mulberry 2.x is a high-performance, scalable and graphic Internet mail client. It uses the IMAP (IMAP4rev1, IMAP4, and IMAP2bis) protocol for accessing mail messages on a server, the standard SMTP protocol for sending messages, and does many things with MIME parts for mixed text and attachments of many different types of files and data.
