[Renew SAS here](#)

Technical support

All technical support is provided by the SAS Institute. Call (919) 677-8008.

Additional information

SAS 9.1.3 is available for Windows, Solaris 64bit and Linux.

PC pricing: Server pricing has changed for 2008. This has been changed due to a new calculation from SAS regarding server capability. Servers are no longer priced by workunit but by physical CPU.

Unix pricing: Solaris and Tru64 machines are \$360 per CPU.

Linux pricing: \$300 per CPU.

Windows Server pricing: \$400 per CPU.

CDs we distribute only include Duke-licensed SAS software needed for install. If you need Online Docs or Enterprise Guide, include those in your request. There is an additional charge of \$5 per CD.

Our SAS license is for PC, Solaris, Linux, and Tru64 Unix.

Vista Information:

SAS 9.1.3 SP4 supports 3 of the 5 Windows Vista editions for 32-bit editions only:

Windows Vista Business

Windows Vista Enterprise (available only to Microsoft Enterprise Agreement customers)

Windows Vista Ultimate

SAS 9.1.3 SP4 does NOT support the editions targeted at the consumer market. These editions include Windows Vista Home Premium and Windows Vista Home Basic.

SAS 9.1.3 SP4 products support the three 32-bit versions of Windows Vista that are targeted at the business market. SAS 9.1.3.SP4 does not support Windows Vista 64-bit editions at this time. More information on Windows Vista 64-bit editions can be found [here](#).

Our SAS License includes Base SAS, SAS/AF, SAS/ASSIST, SAS/CONNECT, SAS/EIS, SAS/ETS, SAS/FSP, SAS/GIS, SAS/GRAPH, SAS/IML, SAS/INSIGHT, SAS/LAB, SAS/OR, SAS/QC, SAS/SECURE, SAS/SHARE, SAS/SPECTRAVIEW, SAS/STAT, and SAS/ACCESS products except SAS/ACCESS Interface to BAAN, R/3, PeopleSoft and Microsoft SQL Server, each of which must be licensed individually.
