Home Broadband Service for Duke Alumni

Local Duke alumni are eligible for discounted Internet service through Duke. Alumni must use a special code to order broadband services through the remote access pages. To obtain a code, call the OIT Help Desk at 684-2200.

- ? Check to see if you are in a [local Time Warner service area](#).
- ? Check to see if you are in a local Intrex.net DSL service area. (Coming soon.)

Once you obtain the correct order code information, proceed with the instructions on the [remote access pages](#) as a new or current customer.

If you have any questions, please contact the OIT Help Desk via the [online problem submission form](#), or call 684-2200.

Local Time Warner service areas

Please note that living in a listed city or town does not guarantee service is available.
